Manufacture — Supply — Install — Maintain

Environmental Policy

Equestrian Surfaces Ltd acknowledges it's responsibility it has to the environment and its aims are to minimise the impact its actions may have on the environment by adopting principles, practices and processes which minimises or eliminates any adverse effects it may have on the environment where reasonably practicable.

The objectives of the policy are:

- To comply with its legal obligations under current Health, Safety and Welfare Act and the Environmental Protection Act, together with all other applicable statutory provisions and relevant codes of practice.
- To promote and train health, safety and environmental awareness throughout the organisation.
- To minimise the social impact of the companies activities and avoid damage to the environment by being more vigilant and being aware of the potential environmental issues.
- To make a positive and commercially realistic contribution to improving the environment in which it operates.
- To eliminate or minimise any potentially harmful effects of its activities upon the environment.
- To minimise its consumption of resources, materials, fuel, energy, water etc. and to recycle as much as is economically feasible.
- Ensure the vehicles and equipment are clean and well presented, and to portray a professional, positive and friendly image.
- Ensure that the general appearance of the property is visually acceptable by, keeping buildings clean and well painted, by landscaping or tree-screening, by proper surfacing of yards etc.
- Canvass ideas from the work force on reducing waste, conserving energy and other resources and on improving the appearance of the work place.
- To purchase environmentally responsible products, where financially practicable.

Rita Harper
Managing Director

The policy is reviewed on a periodic basis.
